MALTINE.

Extract of malted Wheat, Oats, and Barley. The Only Preparation composed of these three cereals. Obtained the Only Gold Medal for Extract of Malt at International Health Exhibition, London, 1884. Maltine is of paramount value as a food in indigestion, and at the same time it makes flesh and bone, builds up the system and improves the appetite. For Mothers whilst nursing Maltine is especially recommended, being far more effective and more easily tolerated than ale or porter. For weak and debilitated children Maltine is prescribed by the Medical Faculty with the happiest results. Maltine is a clear, limpid syrup, that readily mixes with food, can be easily taken, and will keep in any climate. With Soda or Lemonade Maltine makes a delicious and strengthening Beverage.

CARNRICK'S BEEF PEPTONOIDS (Concentrated Beef, Wheat & Milk)

Containing 95 per cent. of nutritious matter. There is nothing to equal it as a flesh former, fat, and bone producer. Pleasant in odour and taste to the most delicate persons.

It is invaluable in cases of Convalescence from all diseases, liver complaints, Pulmonary affections, Fevers, Pneumonia, Weak Digestion, Cancers, Ulcerations of the Stomach, and all Stomach Ailments, Dyspepsia, Diarrhœa, Dysentery, and all Intestinal Diseases, Phthisis, Cholera Infantum, Marasmus, Vomiting in Pregnancy, Sea Sickness, Diabetes, excessive use of Alcoholic Stimulants, and in Debility resulting from any cause.

It contains all of the valuable constituents of Beef, Wheat, and Milk. Being in the form of a dry powder it will keep in any climate. A few spoonfuls, equal to a hearty meal, and being partially digested, makes but little demand upon the digestive powers.

It possesses 60 times more nutritive substance than Beef Tea, Mutton or Chicken Broth made in the ordinary manner. In Fevers it is far superior to milk, as it will not coagulate and is much more easily digested.

For Dyspepsia and all Stomach Ailments, it is so highly nutritive that but a small amount will sustain life and give the stomach time to rest and recuperate. The worst Dyspeptic will easily digest it.

FOR DIABETES.—It is the most valuable food in Diabetes, as it contains but a small amount of saccharine matter.

It is also a necessary part of the equipment of every Traveller, especially in cases where the dietary is insufficient or unwholesome.

"It would take 80 pints of Beef Tea, made from 80 lbs. of Beef Steak to obtain the fleshforming constituents present in one pound of Beef Peptonoids."—PROFESSOR STUTZER.

It contains 25 times more nutritive matter than Liebig's Extract of Beef or similar productions. Prescribed and recommended by all leading Physicians, and used in the largest Hospitals. Analysed and approved by the Most Eminent Chemists in Europe.

THOS. HALEY & CO.,

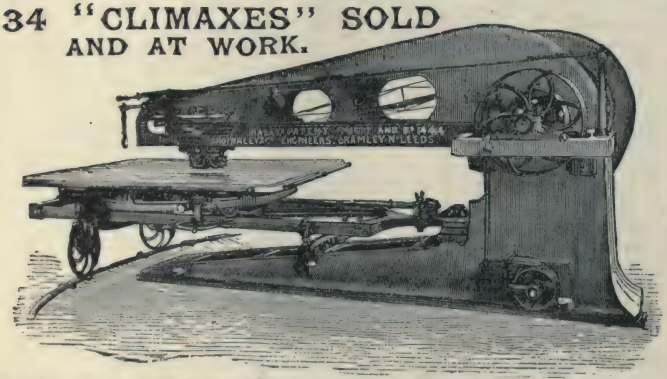
LEATHER TRADES ENGINEERS,

BRAMLEY, NEAR LEEDS, ENGLAND.

OUR AMERICAN BAND KNIFE SPLITTER

WILL SPLIT ANY KIND OF TANNED LEATHER OR GREEN HIDE.

We have had twenty-six years' experience in Splitters, and the last seven years we have studied the Band Knife Splitter, and are able to send out the best and most practical men to instruct our friends in the art of setting and working the Machine.



MANY THANKS.

We have the pleasure to thank those friends who have bought the Band Knife Machine from us in preference to the American made machines. We have now sold 49 of these machines, viz., 8·106 in. wide; 6·84 in. wide; 35·57 in. wide; and have the pleasure of knowing we have more machines working in the United Kingdom than all other makers, American and English. We will give names and references on application, and will give a guarantee with every machine (providing we are allowed to erect and start it) that it will do its work equal to any American machine ever made, and also equal in finish, and a heavier and stronger machine. Indicator gauges attached if required. Printed and illustrated book of instructions sent with each machine.

ALWAYS IN STOCK, AMERICAN-MADE BAND KNIVES, ALL SIZES,
52 inches and 65 inches.

AMERICAN UNION KNIVES.

34 "CLIMAXES" SOLD AND AT WORK.

HALEY'S PATENT "CLIMAX" LEATHER DRESSER.

PLEASE COME AND SEE IT AT WORK ON SCOURING, RE-SETTING, AND FLATTING.

We claim for "Climax" over any other Machine of its class:—

1st. It will Scour Leather, also reset Leather in the Grease equally well, both in Heavy Strap Butts, and Light Sole Leather or Calf skins.

2nd. The operator can adjust table by Self-Acting Screw apparatus, against action of tools.

3rd. Can clear the table of tools, or put on any desired pressure, while machine is on its work, to suit any kind of Leather.

4th. Will do more work with greater ease than any other machine.

5th. The machine is made with double or single tables; the double tables are worked alternately.

It can be fixed in upper rooms; is self-contained. Made combined with Steam or Gas Engine. 1½ h.p. required.

Space taken by Single Table Machine, 17 ft. by 10 ft.
" " " Double " " 17 ft. " 26 ft. radius.

HALEY'S PATENT
"CLIMAX" MACHINE
FOR
Stoning, Glassing, Glazing, &c.

It is also used for preparing Leather for the Band Knife Splitting Machine, and enables the Splitter to produce more even and level work.

THE "CLIMAX" HEAD

Is composed of 14 pieces, all other Machine Heads are made up of 36 pieces or more, and we draw our friends' particular attention to the small number of parts in "Climax" Head, as compared with others, which means less liability to get out of repair. Simplicity of construction and its minimum liability to get out of order has been our aim throughout this Machine; and we ask our friends to compare it with any other Machine. The Tools are 9" apart from each other; in all other Machines the Tools are not nearer than 15" to each other, we therefore obtain 6" more cross stroke at each end of stroke. This is a most important advantage in Scouring, as any practical Currier will know. We can also work the "Climax" 12", 15" or 24" stroke; and the lift of Tools is just the same in all lengths of stroke. This cannot be accomplished by any Machine but the "Climax," nor can the extra cross stroke.

NOTE.—There is 68 lbs. less weight in the head of "Climax" than other Machine heads, consequently less power is required, and there is also a great saving in frictional wear and tear, there being so much less weight for the fly wheel to propel backwards and forwards.

Please send for Catalogues, Price Lists, and References.

GOVERNMENT OF QUEENSLAND.

SYNOPSIS
OF
"THE CROWN LANDS ACTS OF 1884 to 1886."

ALL previous Acts of Parliament relating to the alienation of Crown Lands have been repealed by "*The Crown Lands Act of* 1884." The provisions of Part IV. of the Act, which deals with the opening to selection of Agricultural and Grazing Farms, apply, in the first instance, only to the parts of the Colony described in the Schedule thereto. These provisions may, however, be extended to any other portion of Queensland. For the purpose of the Administration of the Act, a Land Board is appointed, consisting of two persons, whose functions are mainly judicial, and who hold their office on the same tenure as judges. The Board, from time to time, hold public courts for the determination of the matters referred to them, such as questions of rent, compensation, boundaries, &c. Cases where the Board are unable to agree are referred to the Minister. The Act also provides for the appointment of Land Commissioners and Land Agents. The former are entrusted with various executive functions and hold monthly courts ; their decisions are subject to the approval of the Board.

AGRICULTURAL AND GRAZING FARMS.

Upon the recommendation of the Board, any country lands may be set apart as Agricultural Areas. Lands within these areas, when proclaimed open for selection, may be taken up as Agricultural Farms. Other country lands, when proclaimed open for selection, may be taken up as Grazing Farms. In the case of land in an Agricultural Area, the maximum that can be selected by any one person is 1,280 acres, but under special circumstances this maximum may be reduced. In the case of Grazing Farms, the maximum area in a district may vary from 20,000 to 2,560 acres. Any natural born or naturalised subject of Her Majesty over eighteen years of age, and not being a married woman (unless judicially separated) is eligible to select a Farm, provided that the selection is made *bona fide* for his or her own use. Necessary particulars are published in the proclamation declaring the land open for selection. A person desiring to select an Agricultural or Grazing Farm must lodge his application with the Land Agent, and pay the amount of the first year's rent and the survey fee. At the next Commissioner's Court the application is dealt with, and if approved and confirmed by the Board, notice is given to the applicant, with information as to the conditions to be fulfilled by him. After the selector has paid the value of any improvements upon the selection, he receives from the Commissioner a *license to occupy*. He may then enter upon his selection, which he must thereafter occupy continuously by himself or his bailiff. A selector of an Agricultural Farm must, within five years from the issue of the license, either fence the land or make permanent improvements of a value equal to the cost of fencing. In special cases the Board may extend this period for twelve months. At the end of this term, upon proof of fulfilment of the conditions of improvement and occupation, the selector is entitled to a lease for fifty years. The rent for the first ten years of the lease is not less than threepence per acre, and is reassessed by the Board for each subsequent period of five years, but the greatest increase that can be made at any reassessment is fifty per cent. The original lessee or successive lessees of an Agricultural Farm, after ten years' personal residence, may acquire the freehold at a price of not less than twenty shillings per acre, and the ten years rent already paid will be reckoned for as part of the purchase money. A selector of a Grazing Farm must, within three years from the issue of the license, fence his land, but the Board may extend this period for twelve months. At the end of this term, upon proof of fulfilment of the conditions of fencing and occupation, the selector is entitled to a lease for thirty years. The rent for the first ten years of the lease is not less than three-farthings per acre, and is reassessed by the Board for each subsequent period of five years, but the greatest increase that can be made at any reassessment is fifty per cent. Leases may, under certain conditions, be mortgaged, underlet, or transferred. In the case of an Agricultural Farm, of an area not exceeding 160 acres, the original lessee, upon proof of five years' personal residence and an outlay of at least ten shillings per acre upon substantial improvements, may at once acquire the freehold by payment of a sum which, together with the rents already paid, amounts to 2*s.* 6*d.* per acre. This is commonly called Homestead Selection. In case of non-fulfilment of conditions the leases may be forfeited.

OCCUPATION LICENSES.

The Minister may grant annual occupation licenses for any unoccupied lands which are not leased or subject to a grazing right. The Minister may terminate the license at the end of any year on giving six months' notice.

SALES BY AUCTION.

The provisions of the Act relating to sales by auction of Crown lands are much the same as under former Statutes, except that such sales are restricted to town and suburban land. All Crown grants issued under the Act contain reservations of gold, and all leases contain reservations of mines and minerals and a right of access for the purpose of searching for and working them.

LAND ORDERS.

Any person approved by the Agent-General, who pays his own passage, or that of any member (also approved) of his family, from Europe to Queensland, is entitled to a LAND ORDER of the nominal value of £20 for himself and for each person above twelve years of age whose passage he pays, and a Land Order of half that value of each person under twelve. Land Orders will not, however, be issued on account of the passages of persons who have previously resided in any of the Australasian Colonies.

These Land Orders are available only in payment of rent on Agricultural or Grazing Farms, and the person to whom the Land Order is issued, or the person on account of whose passage it is issued, or the husband of one of these persons, must be the lessee of the Farm. The person using the Land Order must be a resident of the Colony when it is used.

It will be seen that one of these Land Orders will exactly cover the five years' rent on a Homestead, which may thus be practically acquired for nothing.

Persons desiring to obtain Land Orders must, before leaving Europe, obtain a Land Order warrant from the Agent-General

IMMIGRATION TO QUEENSLAND.

NOMINATED PASSENGERS.

BRITISH.

PERSONS who have been resident in Queensland for six months, wishing to obtain Passages to the Colony for their Friends or Relatives in the United Kingdom, may do so, by the British India Company's Mail Steamers, under the provisions of *"The Immigration Act of 1882,"* by paying to the Immigration Agent in Brisbane, or to any of the Clerks of Petty Sessions in the Colony, amounts in accordance with the following scale :—

Males and Females between one and twelve, each	**£1**
Males between twelve and forty, each	**£2**
Females between twelve and forty, each	**£1**
Males and Females above forty and under fifty-five	**£4**
Infants under twelve Months	**FREE.**

FOREIGN.

Persons resident in Queensland, wishing to obtain Passages to the Colony for their Friends or Relatives from the Continent of Europe, can obtain Free Passage Tickets available for any Queensland Immigrant ships leaving London or other British port, or by any of the British India Company's Mail Steamers, on application to this Office, or to any Clerk of Petty Sessions throughout the Colony.

The Nominees in these cases must be in sound bodily and mental health, otherwise they will be rejected. No person having reached the age of fifty-five years can be nominated.

Applicants must clearly understand that these Tickets do not include the Passage from the Continent to the port of embarkation in Great Britain, the entire cost of which must be defrayed by the Emigrant himself.

Any Immigrant landed at a port other than that at which the Nominor resides, will be forwarded to his friends, either by rail or steamer, at Government cost.

INDENTED PASSENGERS.

Employers of labour who have been for six months in the Colony, wishing to engage through their agents the services of Mechanics, Labourers, or Servants in Europe, may do so by application to the Immigration Agent at Brisbane, or to any C.P.S. throughout the Colony, on payment of amounts according to the following scale :—

For Males between the ages of fifteen and forty-five years ...	**£2 each.**
For Females between these ages, whether the wives of indented labourers or themselves indented	**£1 each.**
For Children of an indented labourer under the age of fifteen years	**£1 each.**

For all above the age of forty-five years, the full Amount of Passage Money.

The Mechanics, Labourers or Servants so engaged, will be provided with Passages by the Government, and landed at any port in the Colony touched at by the B.I. Co.'s steamers that the employers may desire.

Mechanics and Artizans are not eligible to be nominated except by special permission of the Minister.

All Emigrants must pay £1 for their Ship-kits. Two children under twelve may share a Ship-kit, but no Ship-kit can be divided.

FREEMAN'S

CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

It is the best-known remedy or **Coughs, Colds, Consumption, Whooping Cough, Bronchitis,** and **Asthma.**

It effectually checks and arrests those too often fatal Diseases—**Diphtheria, Diabetes, Fever, Croup, Ague, &c.**

It acts like a charm in **Diarrhœa,** and is the only known Specific in **Cholera** and **Dysentery.**

It effectually cuts short all attacks of **Epilepsy, Hysteria, Palpitation, Convulsions,** and **Spasms.**

It is the only known Palliative in **Rheumatism, Gout, Cancer, Toothache, Neuralgia, Sciatica,** and **Lumbago.**

It rapidly relieves pain from whatever cause, allays the irritation of Fever, soothes and strengthens the system under exhaustive diseases, restores the deranged functions, stimulates healthy action of the secretions of the body, gives quiet and refreshing sleep, and marvellously prolongs life. It may be taken by old and young at all hours and times.

Specially recommended by F. PEACOCK, Esq., Author of "The Illustrated Handbook of Great Britain;" by JOHN TANNER, M.D., L.R.C.P., M.R.C.S., L.S.A., L.M., Physician to Farringdon Dispensary, Physician to the Rev. C. H. Spurgeon; by the Rev. A. B. SACKVILLE WEST of Narandera; by J. DODD SWALLOW, M.D., M.R.C.S. Eng. L.A.S., Medical Officer to the London City Missions: by MONSIEUR BONJOUR BARTHELEMY, Delegate of the Society for the Relief of the Wounded, Founder of the Catholic Committee, Decorated with the Cross of the Convention of Geneva.

Manufactured by the Sole Inventor, RICHARD FREEMAN, Pharmacist, 70 Kennington Park Road, London, S.E. Sold by Chemists and Patent Medicine Dealers in all parts of the World. In Bottles, 1s. 1½d.; 2 oz. 2s. 9d.; 4 oz. 4s. 6d.; half-pints, 11s.; and pints, 20s. each.

Purchasers are cautioned not to have palmed upon them any substitute. There are other articles bearing the name of Chlorodyne, but quite devoid of its wonderful effects. See that the Trade Mark "The Elephant" is on the wrapper, &c., and that the words FREEMAN'S ORIGINAL CHLORODYNE *are engraved on the Government Stamp, which is the only* "GENUINE."

N.B—Lord Chancellor SELBORNE, Lord Justice JAMES, and Lord Justice MELLISH, decided in favour of *FREEMAN'S ORIGINAL CHLORODYNE,* and against BROWN and DAVENPORT, compelling them to pay all costs in the Suits. See *Times* of July 24, 1873.
